HOWDEN'S SPORTING GOODS

late 1960's

SALES POLICY

The policy of our company is to continue to sell only to legitimate gun dealers who maintain an adequate display and promote the sale of guns and allied lines throughtout the year. To dealer's we offer the following services.

I. D. H. Howden & Co., Limited has a Sporting Goods Division with specialty Salesmen to service and aid our customers in the promotion of the sales of all gun, ammunition and allied lines. Please direct your telephone calls and letters to the Sporting Goods Office for speedier and specialized service

II. A complete stock of guns, pistols, ammunition and accessories adequately catalogued.

III. All orders shipped the same day as received.

IV. Through D. H. Howden basic stock program, our representative will keep your complete gun and ammunition sales and inventory. Right inventory control is the only way to make profit in the gun business.

V. With the use of our new IBM 1400 Machines, all orders and invoicing will be speeded up, giving both dealer cost and up-to-date retail prices.

VI. At all times, we will keep you up-to-date on new models, price changes, sales trends, special clearance items and newsletters.

VII. If any guns or ammunition must be back ordered, customer will be notified immediately on the invoice, shipping instructions will follow

VIII. During the months of August, September, October, our staff in the Sporting Goods will be enlarged for the convenience of our customers, for speedier handling of all rush orders.

IX The sale of Remington and Ithaca Firearms is restricted to Franchise dealers. Send all new applications to the Sporting Goods office, and we will present them to the manufacture for acceptance.

D. H. HOWDEN & CO., LIMITED

SPORTING GOODS DIVISION

MERCHANDISE RETURN FOR CREDIT POLICY

D. H. Howden & Co., Limited Sporting Goods Division has found it absolutely necessary to establish this firm definite policy regarding return of Firearms for credit by dealers.

The policy has been developed in the interest of Dealer's to protect them against used or shop-worn merchandise and to enable D. H. Howden & Co., Limited Sporting Goods Division to handle reasonable requests of Dealers in an expeditious manner.

POLICY

I. No merchandise can be accepted for credit without previous written authorization by Sporting Goods Division, D. H. Howden & Co., Limited

II. All requests for credit must be made within 2 weeks of receipt of shipment

III. All Firearms returned for credit must be in original un-marked cartons, and include all original manufacturers' packing and material content

IV. Firearm cartons must be wrapped in heavy manilla shipping paper. We cannot accept Firearms in cartons that are damaged and marked with labels, crayon, etc.

V. We cannot accept return of any Firearms for credit that has been used or shows wear from handling, or is marked

VI. Howden's will accept return of merchandise shipped in error, but as all manufacturers have set a policy that they charge 10% handling on returns, we are compelled to pass this charge on for all other credit returns. Therefore, such credit returns will be less 10% handling, off original invoice.

VII. A note of reference to our authorization must be enclosed with shipment. This is important to expedite claims

VIII. Any damaged shipments must be referred to carrier immediately, we will not accept the return of damaged shipments, unless carrier has examined.

We must insist on complete compliance to this policy before any credit can be issued.

HOWDEN'S SPORTING GOODS

PARTS SALES POLICY

WE DO NOT CARRY GENERAL REPAIR PARTS

As authorized exclusive distributors, we will maintain a stock of basic parts for Remington guns only.

If you are unable to locate parts for other than the above lines, through a local gunsmith, we can only suggest that you forward your parts orders direct to the manufacturers concerned.

For your convenience, we are listing the addresses of the various gun manufacturers.

" "	--- September 1st	Less 2%
" "	--- October 1st	Less 2%
" "	--- November 1st	Less 2%

ISSUING OF CREDITS IN 'N' SECTION

If the merchandise return for credit policy has been followed, all defective guns for warranty and repairs must be sent to the attention of Return Goods Department who will process them and have item repaired or returned to customer.

Only the Return Goods Department is authorized to accept any guns and issue credits if necessary. No guns will be accepted for credit unless the 'Merchandise Return for Credit Policy' is followed.

This Credit Policy applies to all merchandise in 'N' Section. D. H. Howden Co. Limited will not be responsible for any damage resulting from failure to comply with the above.

REPAIR OF GUNS

After discussions held with C. Parkinson re repairs to guns, I feel that we are not being fair to Mr. Parkinson or the Company. Guns are being left with no instructions, are not being picked up; proper charges are not being assessed. Starting immediately, the following instructions are to be followed:

1. Mr. Parkinson will not accept any guns for repairs without a work order from Howden's with full instructions on the repair.

2. All guns when repaired will be returned to Howden's for re-shipping; only under special conditions will Mr. Parkinson ship directly.

3. Howden's will invoice customer for the charges.

HOWDEN'S SPORTING GOODS

SUMMARY OF LEGISLATION AND REGULATIONS GOVERNING PROCEDURES

FOR THE PURCHASE AND SALE OF REVOLVERS

The following Summary has been prepared for the convenience of Canadian Jobbers, Dealers and Sportsmen wishing to purchase or sell revolvers. Government Regulations, include most recent amendments to the Criminal Code of Canada.

We do not assume responsibility for the accuracy of the summary, in view of possible amendments or cancellation of the regulations at any time. More detailed information can be secured from your local Police Department of by reference to the original Act.

The following is a list of all forms as required by the Criminal Code of Canada:-

Form 42 - Firearms' Permit (Permit to carry pistol, revolver or fully automatic Firearm)

Form 43 - Permit to buy and sell pistols, revolvers or fully automatic Firearms at retail

Form 44 - Application for registration of pistols, revolvers and fully automatic firearms

Form 45 - Permit for minor (Under 14) to acquire any type of firearm including air guns and air pistols.

WHOLESALERS AND JOBBERS are not required to be in possession of Form 43 covering their transactions unless they are also engaging in the retail trade. Neither are they required to register firearms.

RETAIL DEALERS are required to be in possession of Form 43 permit to buy and sell at retail. They are not required to register Firearms handled in the retail trade, buy they are required to keep a record of all such transactions. This record should show complete descript-on of the firearm from whom purchased and to whom sold and the dates in each case. The retail dealer is required to advise the Commissioner, R.C.M.P. Ottawa, Ontario, attention:- Identification Branch of the immediate purchase of all registered firearms. The dealer should apply to his local police department or to the Commissioner, R.C.M.P. Ottawa, for a supply of a prescribed form for use in this connection. It is the responsibility of the Retail Dealer to know that a buyer is in possession of Form 44 before making delivery of a Firearm.

THE PURCHASER of a pistol, revolver or fully automatic weapon, with the exception of a wholesale jobber, or retail dealer, must make application to his local police department and obtain Form 44 application for Registration before taking the firearms into his possession. The registration certificate authorizes the registered owner to keep a pistol, revolver or fully automatic firearm in his residence or place of business and it is not a permit to carry the firearm.

EVERYONE must be in possession of Form 42 firearm permit to authorize them to carry a pistol or revolver in other than residence or place of business.

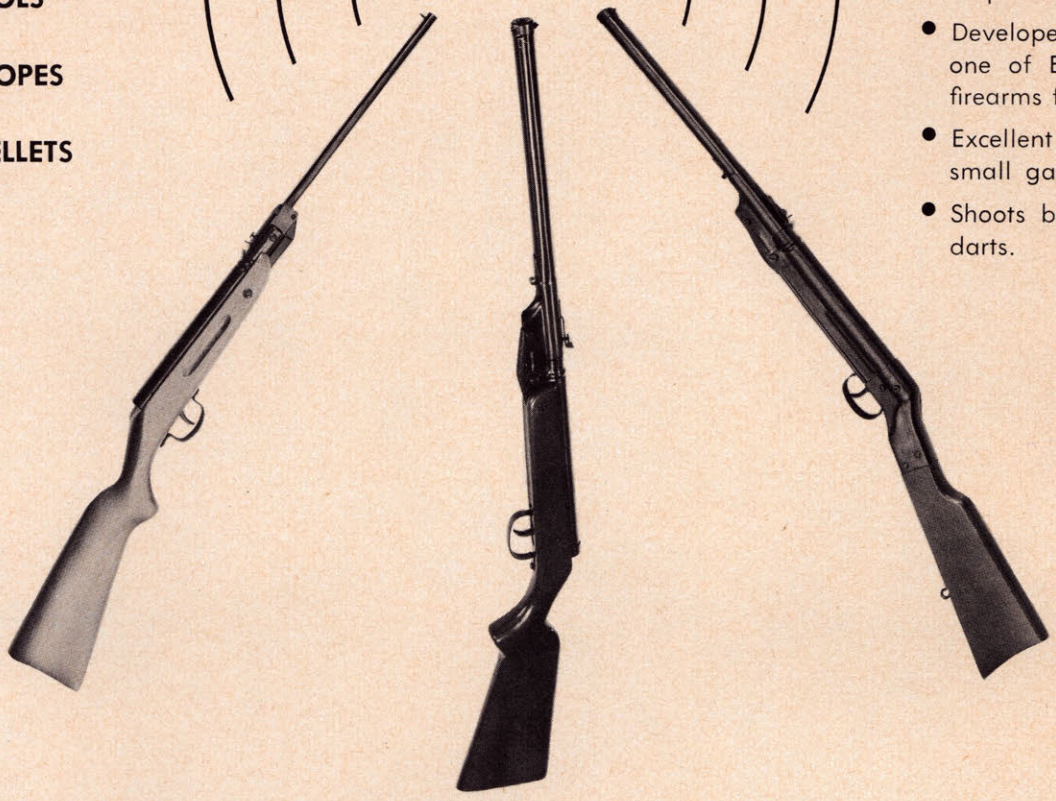
- **AIR RIFLES**
- **STARTER PISTOLS**
- **SIGHTING SCOPES**
- **PRECISION PELLETS**
- **TARGETS**



- The most powerful and accurately made air rifle in its price range.
- Developed and made in one of Europe's greatest firearms factories.
- Excellent for target and small game hunting.
- Shoots both pellets and darts.

MODEL 618R

Calibre 4½ mm. (.177 in.) Length 36 in. Weight 3¼ lbs. Rifled bore. Break-action load. Stock of Caucasian wood, beautifully polished.

MODEL 614

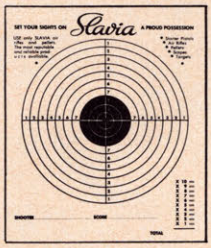
Calibre 4½ mm. (.177 in.) Length 33 in. Weight 2¾ lbs. Smooth bore. Break-action load. Caucasian wood stock, finely polished.

MODEL 612

Calibre 4½ mm. (.177 in.) Length 33 in. Weight 2½ lbs. Smooth bore. Break-action load. Polished hardwood stock.

SCOPE WITH MOUNT

4-power. Fully adjustable. Specially made to fit model [illegible]R with scope grooves.



TARGETS

Regulation design. Padded 40 targets in a pad.

LEAD PELLETS

Highest grade for perfection shooting. Produced under quality control supervision.

STARTER PISTOL

Calibre .22 in. Repeater. Length 4 in. Wgt. 10 oz. Cartridge bar holds 6 blanks. Chrome and black enamel.

MARKSMAN

20-Shot BB Repeater AIR PISTOL

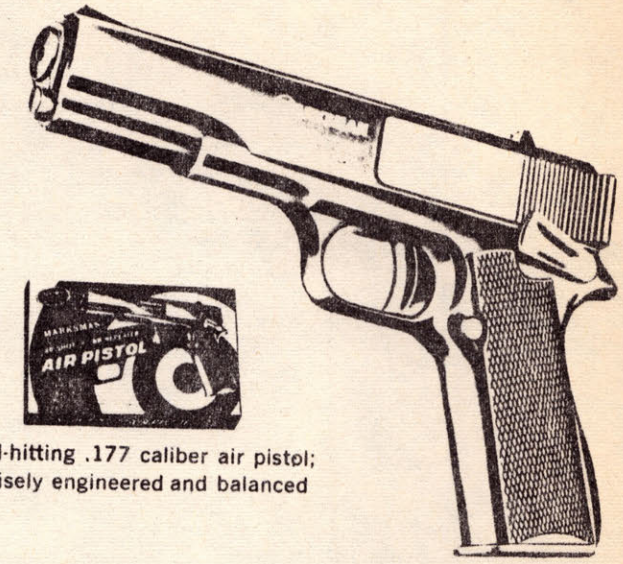
FEATURES

Fast load, easy action 20-Shot BB Repeater. Also shoots .177 pellets and air gun darts. Lifetime "built-in-power"; no costly CO_2 cartridges. Positive "off-on" safety. Rugged metal; weight and feel of a real .45 automatic. Baked-on black satin finish.

PACKAGING

Includes Air Pistol, visual ammunition tray with generous supply of BB's, pellets and darts, operation-maintenance manual, and written factory guarantee. Marksman official skill targets are included. In colorful display-gift box. Factory pack: 1 dz—26 lbs.

MPR (Repeater Air Pistol) **$12.95**



Hard-hitting .177 caliber air pistol; precisely engineered and balanced

Electrically Operated AIR GUN SHOOTING GALLERY

Marksman Exclusive! Sturdy steel unit; a rugged 8 pounds

FEATURES

Powered by long-life, heavy duty 110 volt UL approved motor. Continuous line of moving duck targets, two spinning targets, and ring the-bell bull's-eye target. Finished in black enamel. Engineered safe. BB trap controls ricochets. Use with Marksman or any other .177 or .22 cal. air pistol or rifle, as Marksman, Benjamin, Crosman, Hahn, Daisy, etc. (Not for use with powder propelled bullets.)

PACKAGING

Set includes Shooting Gallery, Instructions, written guarantee, and extra Replacement Set of targets (Marksman RT) which includes 24 ducks, 6 bull's-eye targets and 4 spinning targets. Packed in two color re-shipper corrugated carton. (Dealer display cards available at no charge.) Factory pack: ½ dz—48 lbs.

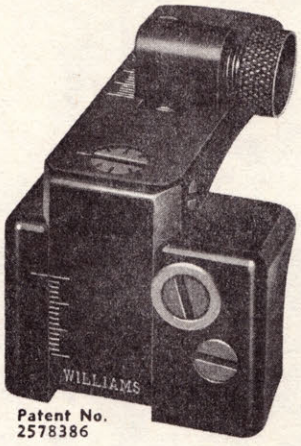
WILLIAMS
"On the Range"

THE FOOLPROOF — THE FINEST RECEIVER SIGHT MADE



Patent No. 2578386

Shotgun Aperture Optional

One of the reasons the Foolproof is so popular is that it is free from knobs and other obstructions that impair and blot-out much of the shooter's field of vision.

Internal micrometer adjustments have positive internal locks—there is nothing—no exterior knobs or posts—that could be accidentally jarred or moved to throw the sight out of adjustment.

The Foolproof is strong, rugged, dependable. The alloy used to manufacture this sight has a tensile strength of 85,000 lbs. Yet the Foolproof is light and compact, weighing only 1½ ounces.

For big game hunting, the Foolproof will outsell all other makes and models of receiver sights put together.

Most rifles are now being drilled and tapped at the factory for installation of the Foolproof.

For Those Models Requiring Drilling and Tapping

6:48 Tap, #31 Drill (Carbon) .....
6:48 Tap, #31 Drill (High Speed) .....

WILLIAMS RECEIVER SIGHTS

NO KNOBS
NO POSTS
NO SIDE PLATES
NOTHING TO 'BLOT OUT' SHOOTERS FIELD OF VIEW

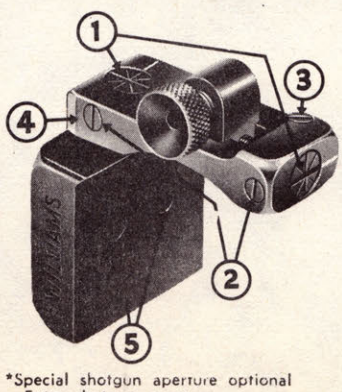
OUTSELLS ALL OTHER MAKES AND MODELS OF HUNTING SIGHTS PUT TOGETHER

- The Strongest
- The Lightest
- The Best Looking
- The Most Positive
- The Most Practical
- The Best Quality Material

41 Models For More Than 100 Guns

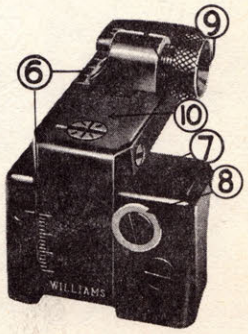
FP 03 for the 03 Springfield.
FP 12, 37 for Win. M-12, 150, 190, 250, 255, 270, 275, 290, Ithaca M-37, most flat receivered pumps.
FP 14 for the 14 and 141 Remingtons.
FP 17 for the Enfield, Remington Express and British Pattern 14.
FP 30 Car for Government 30 Carbine.
FP 36 for the 36, 336 and 93 Marlins, Sears Higgins lever action center fire rifles.
FP 39 for 39A Marlin lever action.
FP 48 for Remington Spt's 48, '58, '11-'48, 1100, 870 models.*
FP 52 for 52 Sporter Winchester or other round receiver 52 models.
FP 70 for 70 and 54 Winchesters and 721, 722, 725 Remingtons Mossberg 800.
FP 70 AP for the new model 70's, 670's, with high sight line and 700 Remington.
FP 71 for 71-86-05-07 & 10 Winchesters.
FP 88-100 for the Winchester 88 lever action, Win. 100 Auto, and Marlin 56, 57, 62, 99 auto loading.
FP 94 for 94-55-64-65-63 Winchesters, Sears, and the 241.
FP 95 for the 95 Winchester lever action.
FP 98 for military Mauser, Husqvarna, Weatherby Mark V, right and left, and BRNO without dovetailed receiver.
FP 98-AP for Browning high power bolt with high line of sights.
FP 99 for the 99 Savage lever action, both right and left hand models.
FP 99S for the late Savage 99DL with top tang safety.
FP 110 for Savage 110 bolt action, right and left.
FP 121 for Remington M12 and 121.
FP 340 for 322-325-340-342 Stevens-Savage.
FP 600 for the Remington 600 bolt action.
FP 740E for early 740 Remington rifles with ejector in receiver (below serial number 64,046).
FP 760E for early 760 Remingtons with serial numbers less than 154,965.
FP 740AP for all 742 Remingtons and for late 760-740 Remingtons with high comb (all purpose stock) and high iron sights. Also the higher sight models of the 740 in the 30.06 and 280 calibers above serial numbers 207,200 and the .308 above 220,000, 572 BDL, 552 BDL.
FP 760N — 740 for 760 Remington rifles with serial numbers above 154,965 and all later 740 rifles after serial number 65,046 or having ejector in the bolt head not having A.P. Stocks. Also for the 572, 552 and 66 Remingtons. Also Kodiak model 260s, 250, .270, .290 Win.
FP A3 for the 03-A3 Springfield.
FP BSA for the BSA Majestic high power rifles.
FP BR for the .22 Browning Auto and 24-241 Remingtons.
FP CGH for Crown Grade Husqvarna.
FP FN for factory drilled and tapped FN and Dumoulin.
FP GA for the Garand auto rifles.
FP JAP for the 25 and 31 caliber Jap rifles.
FP Krag for American Krag.
FP N. Krag for Norwegian Krag.
FP Newton for the Newton bolt actions.
FP RU for the 44 Magnum Ruger carbine and .22 LR, 10-22 all models.
FP S & L for the Schultz & Larsen 54J, Model 60 and 65 DL.
FP SMLE for British Short Magazine Lee Enfields.
FP SSM for square sterned auto shotguns. Also fits 8.81 Rem. auto loaders.
FP SW for the 1911, Swiss 7.5.
FP X5 for Ithaca Lightning .22 auto.

HERE ARE SOME OF THE REASONS WHY THE FOOLPROOF IS THE MOST POPULAR HUNTING SIGHT



*Special shotgun aperture optional
Extra shotgun aperture

1. Internal micrometer adjustments for elevation and windage.
2. Positive lock for elevation and windage.
3. Rigidly supported at outer end by steel set screw
4. Upper bracket is one solid milled piece.
5. Manufacturers' mounting screw holes used wherever possible.
6. Windage and elevation markings are calibrated.
7. Dovetailed base for maximum rigidity and neat appearance.
8. Dovetailed angular locking bushing eliminates unsightly side plates.
9. Standard ⅜" Williams sighting disc furnished, ½" or ⅝" disc optional. Extra standard discs, 75c each. New Twilight Series, $1.25 each.
10. It's clean on top; nothing to obscure shooter's vision.



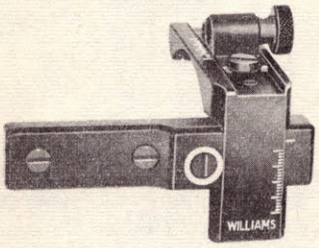
WILLIAMS "On the Range"

5D Receiver Sight

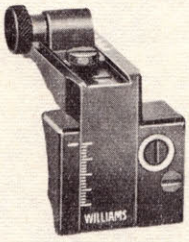
The Companion Sight to the Foolproof . . .

5D RECEIVER SIGHTS

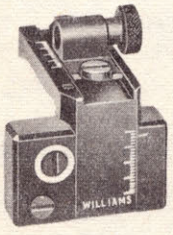
- FOR BIG GAME RIFLES, 22's, SHOTGUNS
- POSITIVE WINDAGE AND ELEVATION LOCKS
- LIGHTWEIGHT, STRONG, ACCURATE
- WILLIAMS QUALITY THROUGHOUT—RUSTPROOF



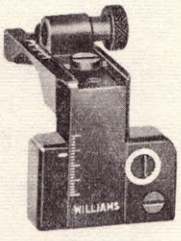
5D-12-37



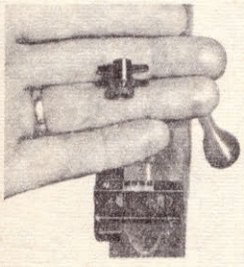
5D-JEMS



5D-94-36



5D-22-410



Note two positions for aperture holder to give double the amount of windage.

Standard thread sizes, the same as used on the Foolproof, permit the use of a wide range of apertures for all sighting conditions.

Now available for some of the more popular big game rifles—the inexpensive, quality made 5D sight. These sights are patterned after the Foolproof. They have the same strength, light weight, and neat appearance; but without the micrometer adjustments. Designed for rugged hunting use, the 5D sights are dependable and accurate. Positive locks. Clear unobstructed vision. No knobs or side plates to blot out shooter's field of vision.

Wherever possible, the manufacturers' mounting screw holes in the receivers of the guns have been utilized for easy installation. The upper staff of the Williams 5D sight is readily detachable. It is only necessary to loosen one screw so that the upper staff slides easily in the close-fitting dovetail. The angular bushing locks this upper staff in a positive manner.

A set screw is provided as a stop screw so that the sight will return to absolute zero upon detaching and reattaching.

The material used in the manufacture of the Williams 5D sight is one of the highest grade alloys obtainable. There has been no sacrifice of quality as we are using one of the most expensive, highest tensile strength alloys that money can buy. Laboratory tests show that the material used has a tensile strength approximately twenty-five per cent greater than mild steels.

This high-grade alloy is finished with an anodize in a deep blue-black that adds even further to the strength of the sight by creating an extra hard surface.

THE FINEST INEXPENSIVE RECEIVER SIGHTS MADE

5D-12-37*	Winchester 12-25, 150, 190, 250, 255, 270, 275, 290, Remington 1100, '58, 11-'48, Spt's-48, 870 and 31 models, Stevens 620, Ithaca 37 and other shotguns with flat-sided receivers.

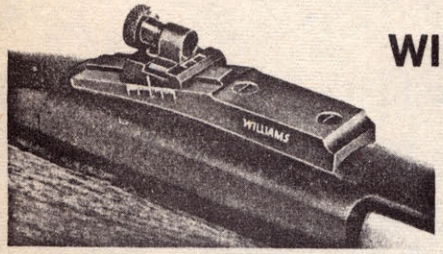
WILLIAMS GUIDE RECEIVER SIGHTS

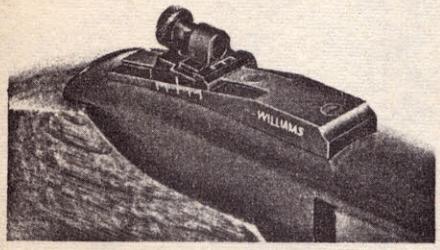
- Compact, Low Profile
- Lightweight, Strong, Rustproof
- Positive Windage and Elevation Locks
- Easily Installed
- Quality Made, Neat Appearance

In most cases these sights utilize dovetail or existing screws on top of receiver for installation. They are made from an aluminum alloy that is stronger than many steels. Light. Rustproof. Williams quality throughout.



WGRS-100. ON THE 100 WIN.

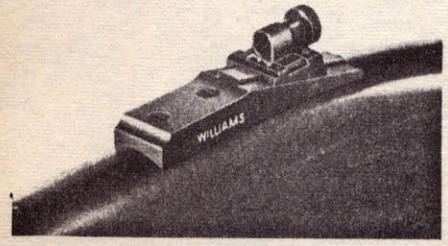
WGRS-100—For Winchester 88-lever, 100-automatic. Higher front sight needed——.406 high.



WGRS-RU22. ON THE RUGER 10/22.

WGRS-RU 22 — Fits Ruger 10-22 without drilling or tapping. Normally a higher front sight is required. Usually .468 to .500.

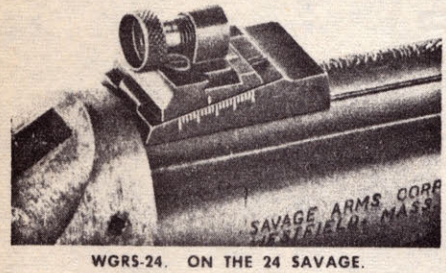
WGRS-44 — For Ruger 44. Similar to but not interchangeable with WGRS-RU22. Usually requires a higher front sight—.468 to .500 will do.



WGRS-742. ON THE 742 REMINGTON.

WGRS-742—For 760, 742 Remington. Early models will require a higher front sight. For the BDL's use the Williams FP-740AP.

WGRS-24 — For all late Savage 24s which have upper barrel grooved for sight attachment. Higher front sight required.

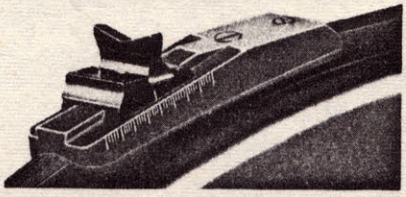


WGRS-24. ON THE 24 SAVAGE.

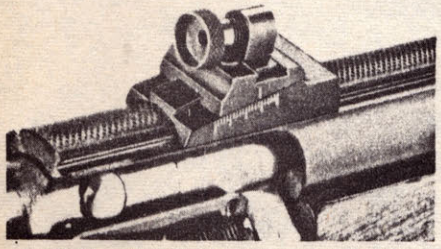
WGRS-54 — For Savage - Anschultz 54, 64, 141, 141M, 153, 153S. Also Rem. 552 BDL, 572 BDL. Factory ramp height is sufficient.

WGRS-03A3 — For Springfield army rifles. Sight slides over dovetail.

WGRS-M1-Car. — For the .30 M1 Carbine.



WGRS WITH OPEN SIGHT BLADE—



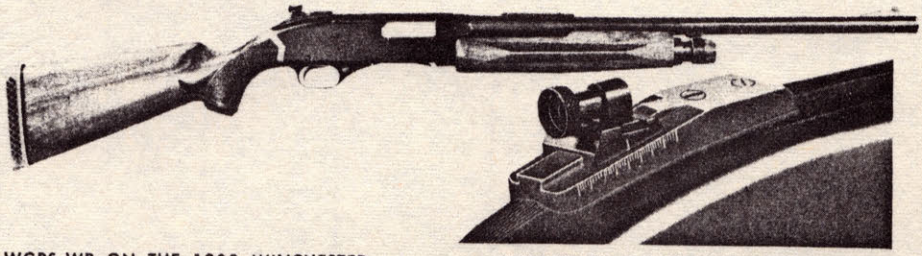
WGRS-54. ON THE 141 SAVAGE-ANSCHUTZ.

WGRS-WR. For late Winchester and Remington slide action and autoloading shotguns. Fits 1200 vent rib and slug barrel. On 1200 plain barrel use Williams Band Ramp, .850 low. Model 1400 vent rib. On 1400 plain barrel use Williams Band Ramp, .850 med. Rem. 11-48 plain barrel and 1100. On 870 plain barrel use Williams large barrel ramp in the low model. Winchester model 12 use Williams Ramp 12-S high.

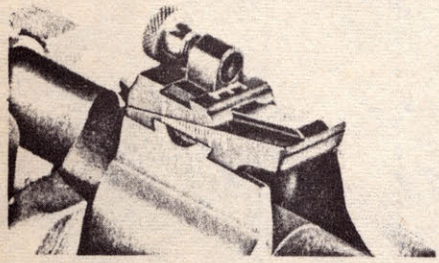
Quite often shotgun barrels do not align with the receivers as well as they should and have to be adjusted for the point of impact. So some shotguns will require front sights of heights other than those recommended. Sight is easly installed. Just drill and tap two 6-48 mounting screw holes. Screws are furnished.

OPEN SIGHT BLADES FOR THE GUIDE RECEIVER SIGHT

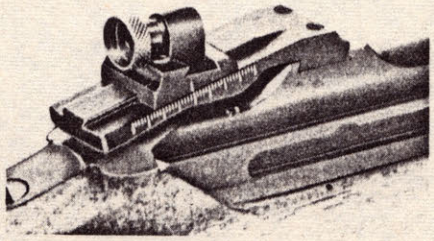
Many shooters wish to make open sights out of receiver sights. This can be done since the blades from our Guide Open Sights are interchangeable with the apertures of the receiver sights. Any Guide Receiver Sight can be ordered special with a Guide Open Sight blade in the SQ, U, V, or the B. Normally the ¼" blade is used since it is the approximate same height as the regular peep sight aperture. WGRS WITH OPEN SIGHT BLADE—



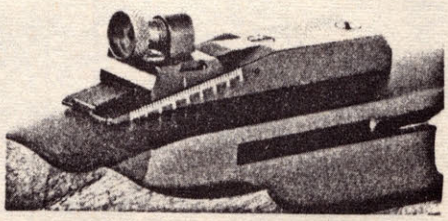
WGRS-WR ON THE 1200 WINCHESTER



WGRS.—03A3. ON THE 03A3 SPRINGFIELD.



WGRS-M1-CAR. ON THE M1 CARBINE.



WGRS-44 ON THE 44 RUGER

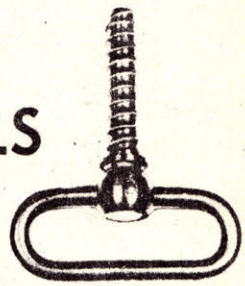
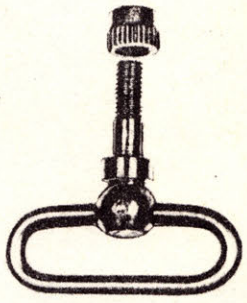
WILLIAMS QD SWIVELS



STANDARD STOCK SCREW SWIVEL MODEL SSS—



STANDARD FOREARM SWIVEL MODEL SFS..

LIGHTWEIGHT • RUSTPROOF
MADE IN OUR OWN PLANT

These Quick-Detachable Swivels are precision made in our own plant from a lightweight, alloy that is stronger than many steels. They exemplify Williams quality, being very strong, feather-light, neat in appearance and dependable.

By any comparison, the compact Williams QD Swivels are far superior to any QD Swivel made in this country or imported.

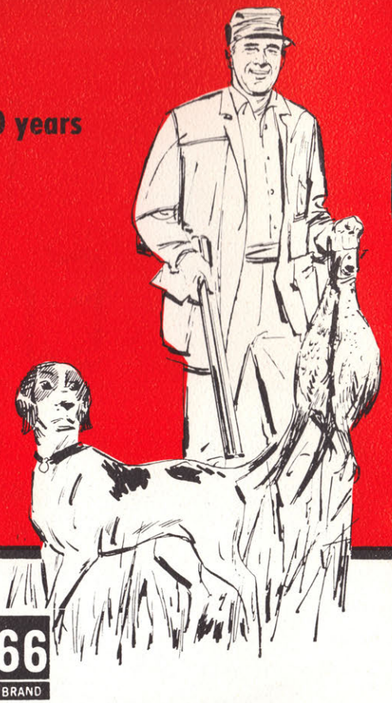
The copy and illustrations in this Catalog conform to the column width used by most Hardware and Sporting Goods Jobbers in printing their own Catalog.

You can therefore prepare your own paste ups by simply clipping the copy and illustrations from this catalog.

The first major improvements in cold water blue in 50 years

The first major improvement in cold gun blue in 50 years!
NEW G-66 SOLID GUN BLUE CREME
SOLID Gun Blue
won't rub off or discolor!
JET AER CORPORATION



G66 BRAND

SOLID GUN BLUE *in jars*

NEW IMPROVED FORMULA gives a rich mirror like finish as you rub it in. Reapply until it blends perfectly into orginal blue. Never streaks or spots.

G-66 Brand Gun Blue is a solid paste you wipe on. Unlike old fashioned liquid blues, which may produce uneven or spotty blueing, G-66 Brand Solid Gun Blue instantly produces a Rich, Dark, Even Blue, which won't rub off or discolor.
Packaged in a non-breakable, high density polyethylene jar. It can't spill, break or spoil. There is no waste.

Suggested Retail Price **$2.75**
Catalog No. 1064
Contents: Net weight 2 oz.
Packed 12 jars to a carton

G66® BRAND INSECT REPELLENTS

in 4 convenient packages for sportsmen

For many years a search has been made for a superior insect repellent for the Armed Services and diethyltolumide is reputed to be the best general purpose agent tested thus far by the U.S.D.A. It has been found to be longer lasting in its effectiveness than any other repellents tested. When applied to the skin it was found to be effective as long as three to four hours in many cases. When applied to clothing good repellency was obtained against a number of insects for several days.

NOW... AN INSECT REPELLENT MADE ESPECIALLY FOR SPORTSMEN... HUNTERS... FISHERMEN

FOR FISHERMEN AND HUNTERS

FISH LURE

DRY FLY

G66® BRAND FISH LURE

G-66 BRAND FISH LURE contains a unique blend of ingredients which attract fish through the sense of smell — a sense that is extremely acute in almost all species, especially game fish.

G-66 BRAND FISH LURE is an invaluable accessory . . . sprayed on regular bait, flies or lures, it attracts more fish, insures more strikes than ever before.

G-66 BRAND FISH LURE is packaged in a small, compact aerosol can that's easy to carry, won't break, spill or spoil.

Suggested Retail Price **$1.75**
Catalog No. 1057A
